Request for Quotation Number:	WT2. 20-21
Closing Time for RFQ:	Friday 19 February 2021
Statutory Evaluation Period	Evaluation Period – 3 Weeks (Friday 12 March 2021)
Trade In	N/A

INTRODUCTION

Quotations for the supply and delivery of TWO (2) Semi-Trailer Water Tanker units.

Contact for specification details is James Faulkner, Murweh Shire Council Workshop Supervisor 0429 983 691.

CONDITIONS OF TENDERING/QUOTATION

Quotations shall be submitted via Vendor Panel only.

Supplier shall note that the lowest or any quotation may not necessarily be accepted.

The supplier is to ensure RFQ responses issued under their own hand are individually itemised and cost all components associated with the supply of the vehicle. RFQ responses issued which do not conform may be returned by the Purchaser to the issuing Vendor to reformat and resubmit to the Purchaser. This requires the Contractor to individually list all requested accessories, details of the cab chassis and available options, body configuration, pre-delivery, vehicle movements, extended warranty options and training being offered.

QUOTATION COMPONENTS TO BE SUPPLIED BY CONTRACTOR

The contractor must supply the following as part of their complete quotation to council.

1. Expected delivery date
2. RFQ is to be fully completed to be accepted
3. Brochures of proposed machine
4. A complete detailed Quotation
5. Breakdown pricing for various accessories

ASSESSMENT OF TENDER

The contractors attention is drawn to the following evaluation criteria and weighting, which in addition to the requirements of the Local Government Act will be considered in assessing the tenders:

ITEM	PERCENTAGE
Submitted Prices	20%
Evidence of Aftersales service and parts support.	30%
Operational Features – Features that make this machine stand out from the opposition and ability to perform beyond expectations	30%
Warranty – warranty with the best conditions and period of time that best suits the MSC	20%
TOTAL	100%

<p>Warranty:</p> <p>The plant supplied shall be provided with Manufacturer's Warranty</p>		
<p>Risk Assessments:</p> <p>Machine risk assessments are to be supplied.</p>		

SERVICING AUTHORISATION

One of the key selection criteria will be the ability of the supplier to offer after sales support by way of on-going servicing of the vehicle (as defined under the manufacturers log) as well as a support service for breakdown maintenance.

During the warranty period the supplier is to ensure that any breakdown or unavailability of this machine for Council's operations which are greater than 5 working days is unacceptable and will require the supplier to provide a similar type vehicle in good working order until such time as the Council's sweeper is returned (the supply of this loan sweeper will be at no cost to Council other than running costs for fuel). If Council enters into a service agreement post the warranty period it would be looking to establish similar conditions (free loan vehicle for period greater than 5 days).

OPTIONAL EXTRAS

Please provide a list of optional extras that may be of interest to Council in the operation of these Water Tankers costed separately to our required specification.

DELIVERY

Delivery of the unit by the successful supplier shall be as soon as practical following award of the contract. The delivery point shall be the Murweh Shire Council Depot in Charleville. If the Contractor fails to deliver the ordered goods or notify within a reasonable time of any delays by the agreed delivery date, a purchaser may cancel the purchase order.

The quoted price is inclusive of all charges for packaging, packing, insurance and delivery of the goods in accordance with this agreement; and all taxes except GST.

Please supply expected delivery date of vehicle in the table below.

--

WARRANTY REQUIREMENTS

The unit shall be protected by warranty covering defects in materials and workmanship, in accordance with accepted industry practice.

Any extended warranty options are to be listed as an optional extra.

FINAL TESTING AND INSPECTION LOCATION

Post tender Council may seek a demonstration of the trailers being offered as part of this tender as part of its evaluation process. Once a preferred supplier has been identified and a contract awarded and prior to acceptance and payment Council wishes to test and inspect the final product being delivered against the specification, the tender offer and the risk assessment undertaken prior to final acceptance. This testing, evaluation and acceptance will take place at Murweh Shire Council Depot, Sturt St Charleville QLD 4470.

DEPARTURES FROM RFQ
