

OUR COMMUNITY OUR PRIORITIES

INVITATION Consultation on Council's Five Year Plan

The Draft Corporate Plan 2022-2027 is open for community consultation to 10 June 2022. Murweh Shire Council invite our community and stakeholders to review, support and provide feedback on the Plan.

What is the Corporate Plan?

- The Corporate Plan provides clarity, agreement, and direction for Council to confidently meet the **operational needs of its organisation** and the **strategic needs of the community**.
- We want your feedback to ensure our vision, aspirations and identified priorities are also what you want for your community.

VISION Murweh Shire embodies community, diversity, growth, and endless opportunities.

VALUES Vision, Trust, Pride, Integrity, Compassion

Operational Requirements

GOVERNANCE

Accountability to our ratepayers

- ▶ Robust and agile planning and reporting frameworks to consider strategic community needs and operational requirements in the short and long-terms.
- ▶ Improve accountability and transparency through community communication and engagement, and annual progress reporting of the Corporate Plan delivery.

CORE OPERATIONS

Service delivery excellence

- ▶ Maintain and continually improve current core services, assets, and compliance.
- ▶ Pursue improvements to Augathella and Charleville sewerage treatment facilities, and major upgrades to the Charleville Waste Facility.

Strategic Community Needs

COMMUNITY WELLBEING

Care for our community

- ▶ Maintain current facilities and offer experiences to enhance sports, recreation, arts, and culture profiles, and respond to community needs and expectations.
- ▶ Continue support for critical health services and advocate to meet gaps in our communities.
- ▶ Advocate for further education pathway options locally.
- ▶ Connection to country of traditional owners is recognised and supported.

EMPOWERED FUTURE

Visionary pursuit of opportunities

- ▶ Encourage diversification, innovation, and investment, and promote Murweh as a preferred place to do business, whilst ensuring town planning is proactive and development friendly.
- ▶ Continue to build and enhance air, rail, and road capacity, connectivity, and utilisation.
- ▶ Continue to build and enhance connectivity and communication networks.
- ▶ Encourage opportunities for sustainable developments through waste reduction and supply chain efficiencies, renewable energy, and approaches to climate change action.
- ▶ Embrace the unique landscape, and its ecosystems, and support species protection.

Sustainability

Taking positive local action against the 17 Global Goals for Sustainability.
